THE COMPANY BEHIND THE NAME

Originally established in 1994 by Reto Muggler in Zürich, Switzerland. CA-RE Trade GmbH is a Swiss company with a long and colourful history.

The company started to import lighting products from the world's leading OEM manufacturer in the early 1990's. In 2004, after many years of product testing and development of high quality automotive products and services, CA-RE Trade GmbH established a joint venture together with the world's leading OEM manufacturer to produce high quality automotive light bulbs, branded as CA-RE®.

Today we are working with multiple partners who are experienced in researching, creating and producing innovative solutions. Together we can provide access to the latest technology and product design for our customers. Currently our product range consists a wide variety of light bulbs, windscreen wipers and other automotive accessories to satisfy the different needs of our customers.

All of the CA-RE® products are based on the latest scientific research and standards, to assure they have the highest quality. CA-RE® automotive lamps are supplied according to the requirements of the DIN norm Nr. 72601 and the ECE regulations Nr. 37 and Nr. 99 as well as according to the requirements of the European automotive industry.

Today the company is owned by the current management. CA-RE® stands for quality, durability and excellent customer care. Our goal is to become the leading company in the field of premium automotive accessories market offering quality products and services to our customers.

WE CARE – ENJOY IT

www.care-automotive.eu

 /caretradeauto

We have designed our website with you in mind

CA-RE automotive website is easy to navigate, so you can find the information you need quickly. Our range goes beyond superior products. It is a family of solutions designed for the needs and lifestyles of all consumers. You can also find us on Facebook to stay up-to-date with our news and developments.

PREMIUM

The high quality of Premium bulbs ensure excellent light beam performance at a very competitive price.

- Bulbs provide 30% more light on the road compared to standard automotive bulbs
- Lasts up to 2 times longer than a conventional bulb
- Ensures safe driving during day and night

PREMIUM PLUS

Premium Plus provides 60% more light on the road, which makes it the best choice at a competitive price.

- More brightness
- Higher light output
- Bulb contains 30% real xenon gas

ULTRA VISION

Ultra Vision provides 100% more light on the road, which makes it the ideal high performance choice.

- Maximum visibility
- Longer and wider beam
- Bulb contains 100% real xenon gas
- Modern design with a silver cap

LONGLIFE

Longlife bulbs lasts up to three times longer than standard automotive bulbs.

- Constructed with a robust filament
- Engineered to withstand a sizeable amount of road shock and vibration
- Ensures safe driving during day and night
- Less need for replacement

CRYSTAL WHITE

Designed for styling enthusiasts. Crystal White provides stylish xenon effect with bright white light on the road.

- Maximum visibility with xenon effect
- Special high luminance bulb design with a silver cap
- Bulb contains 100% real xenon gas with 4300K
- Ideal for use in clear-glass headlights

TRUCKPOWER

Truckpower bulbs are designed specifically for rough road conditions.

- Lasts up to 2 times longer than a conventional bulb
- Ensures safe driving during day and night

HEAVY DUTY

TRUCKPOWER

Heavy Duty bulbs are designed to withstand extreme stress and vibration, specifically on rough and demanding road conditions.

- Lasts up to 2,5 times longer than a conventional bulb
- Robust filament
- High-performance quartz glass

HEAVY DUTY

CRYSTAL WHITE

Designed for truck styling enthusiasts. Heavy Duty Crystal White combines xenon effect lighting with extreme stress and vibration resistance.

- Maximum visibility with xenon effect
- Special high luminance bulb design with a silver cap
- Bulb contains 100% real xenon gas with 4300K
- Ideal for use in clear-glass headlights
